Together as a *Family...*

A keepsake is a great way for each family member to keep their loved one close. Often keepsakes are shared with all family members and close friends to remember their loved one and to celebrate their life.

pg. 51

After choosing cremation, a family has many decisions to make. There are many ceremonial options available: choose a cemetery for a permanent resting place or create a personal memorial for placement in the home or garden. Another option is a Natural Return by burying the cremains in a special place. All can be personalized in some way to share the loved one's passions with family and friends - telling and preserving their life story.

Questions to consider in the process:

Will there be a traditional viewing or a simple family gathering? What will be your loved one's final resting place?

The next few pages will help in those decisions and show many of the options available.

WHAT IS RHODIUM?

Rhodium is a hard silvery white and durable metal that has a high reflectance and does not normally form an oxide. Rhodium finds use in jewelry and for decorations. It is electroplated on white gold, platinum, sterling silver and brass to give it a reflective white surface and in order to strengthen the metal from tarnish.

RANDY KOUFALIS

Master sculptor and mold maker Randy Koufalis, has over 25 years experience in sculpting and design. He was born in Vancouver, British Columbia where he continues to reside. Randy blends old motifs and traditions with his own unique style to create both functional and decorative works of art and inspiration. He laboriously builds every mold that is used to reproduce all of our original pieces. These urns are a stunning celebration of artistry and imagination, captured in stone, timeless for all to enjoy. The concept and design process of each piece begins long before any actual sculpting takes place. "Most of our designs come from our interpretation of architectural elements found in our environment. Hours of research, both technical and historical, go into every piece we design. Initial concept sketches are compiled and modified and prototypes are completed. Using these rough 3-D models as references, we begin the creative process of turning our models into finished sculptures. Our products are completely hand made and hand painted by a very talented team of artisans. Each piece is made of actual re-constituted stone, taking great pride in making sure the quality of our products is unsurpassed."

Keepsake Collection

Many families are choosing keepsakes for family members and dear friends as a way to celebrate a beautiful life well lived and to always keep their loved one close. Many urns have their own keepsake (shown throughout) and there are many other beautiful options.

Art Glass

Made with care in Crescent's own custom built glass studio in Tupelo, MS, still by the original artist, Nancy Becker.

The process combines cremains with the art of glassmaking to create a work of art that is as one-of-a-kind as the loved one it memorializes. Each unique Art Glass design is a stunning work and an exquisite way to memorialize your loved one in the home. Also, many families choose pendants for each family member. Each breathtaking piece offers a special remembrance of a cherished life, reflected through form, color, and light.

Each piece of art glass is a one of a kind memorial. No two pieces look the same. Each of the shapes are available in one of four color schemes:

HD Life Portrait Porcelain Tiles

These fine, high quality porcelain tiles are made by using a combination of old-world techniques and the latest photo reproduction techniques to produce an exquisite and beautiful memorial that will preserve your loved one's life for generations to come. They are sure to help bring to mind your loved one's memories at the time you need it most. The image that you choose to embed on your loved one's Life Portrait Porcelain Tile adds a personal touch and transformation to a new or pre-existing marker, niche, columbarium, or crypt. Each individual tile is carefully modified by a graphic artist and then kiln fired to perfection at an intensely heated temperature to ensure a bold and glazed image of your loved one. You may also choose to frame the tile with an elegant and rich bronze frame that clearly enhances the beauty and elegance of the tile.
