June 5, 2021 Comprehensive bug fix mod for Fallout 4. The goal of the unofficial Fallout 4 patch (also known as UFO4P) is to eventually fix all bugs c .# ##Do we know what has changed in the game itself? Dev notes on bethesda.net up to version 1.10.80 of April 2018 â€” and to this day .# ##How it works? Fallout 4 is not a game that can be easily modified as it is an open source product, but it is simple. After installing the mod, all you have to do is launch the game and start playing. The installer you install adds the "UFO4P" file to the "Data Files" section and launches the game,

then updates the "UFO4P.bin" file and launches the game. After that, you can play or wait for the game to do everything by itself. .# ##What is UFO4P?
